

Greetings from AssisTech Foundation (ATF)!

With immense joy and excitement, we want to share with you the applications for **Cohort 5 of ATF Enable Acceleration Program for Assistive Technology Startups creating solutions for people with disabilities and elderly population are open now.**

WHO reports suggest that **Assistive Technology Global Market will be estimated to grow and touch US \$ 30 Billion by 2024.** 3.5 billion people will need at least one Assistive device by 2050. These figures and projections are a reflection of the untapped or under tapped potential of the Assistive Technology sector. The future is bright for the Assistive Technology sector.

ATF Enable Acceleration Program is an exclusive program for Assistive Technology based startups creating impact in the world through empowering people with disability. It focuses on accelerating the startup's journey and assists them in seizing the limitless opportunities of growth and prosperity in the AT Sector. Under 4 cohorts, ATF currently has 32+ portfolio startups with 31 Patents and 85+ assistive technology products addressing 12 disabilities across the spectrum and providing employment to 368+ individuals which includes 45 people with disabilities. Through our portfolio startups and further initiatives we've impacted 4.6 lakhs people with disabilities so far.

### **Why apply?**

ATF Enable Accelerator Program leads startups on a transformative journey where tailored support is provided to them along with limitless opportunities of networking and collaboration with an aim to take the startups forward from their current stage to a desired milestone. The program's spirit lies in unleashing the full potential of startups, assisting them in reaching their full potential and flourishing further ahead by accelerating their growth and impact.
