

Greetings from AssisTech Foundation (ATF)!

The last few years, startups have brought significant advances in technology and innovation for people with disabilities through their groundbreaking solutions. However, success for these Assistive Technology startups will remain elusive without effective collaboration and support from the ecosystem. At ATF, we have closely partnered with educational institutions, NGOs, investors, Government organizations etc to provide 360° support to the startups for transforming their journey.

AssisTech Foundation through its ATF Enable Acceleration Program Cohort 5 provides an enriching opportunity for startups to leverage the Assistive Technology ecosystem for its growth and development. We have also been supported by some of the great industry leaders like **Mr. Pravin Rao** (Ex COO And Member Of Board At Infosys Ltd), **Mr. Arun Jain** (MD, Intellect Design Arena Ltd), **Prof. Ashok Jhunjhunwala** (President, IIT Madras Research Park), **Mr. Lakshmi Naryananan** (Ex-vice chairman and ex-CEO, Cognizant) & **Mr. Som Mittal** (Former President & Chairman, NASSCOM).

We also have global leaders as a part of the ecosystem including [Mr. Chapal Khasnabis](#) (Head (a.i) of the Access to Assistive Technology and Medical Devices Unit, WHO) & **Ms. Catherine Holloway** (Academic Director, Global Disability Innovation Hub).

Moreover, there has been extensive support from community leaders like [Rahul Dravid](#) (Great Indian Cricketer & Head Coach, Indian Cricket Team). All these leaders bring a pool of resources for scaling the startups, networks and guidance to grow the startups as well as the Assistive Technology ecosystem altogether. Furthermore, we also have a diverse network of ATF allies aka Friends of ATF who have extended all the possible resources for the enrichment of the Assistive Technology startup ecosystem.

So, what are you waiting for???

Leverage the power of networking and collaboration within the highly diversified and empowering ecosystem of Assistive Technology through ATF Enable Acceleration Program Cohort 5.

Grow 100x with ATF Enable Acceleration Program Cohort 5
