Cohort 5 - ATF Enable Acceleration Program

We organized two insightful sessions as a part of the ATF Enable Acceleration Program

Session 1: The Science and Art of Product Development-Mr. Arshad Sayyad

Session 2: Understanding Control Systems In Organization - Mr.Sourav Mukherji

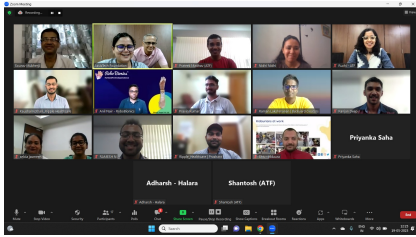

The Science and Art of Product

Development

Arshad's guidance on product development emphasized the blend of science and art, providing valuable insights to attendees. Through thought-provoking questions, founders gained a deeper understanding and improved decision-making, empowering them in their product journey.
